### EXHIBITIONS

#### Gateway Information Exhibition Space, Penneshaw.

Nick Pike & Dave Clarke's Exhibition at the Gateway  
Visitor Information Centre in Penneshaw has been  
fantastic. It has been noticed that the exhibition has not  
only attracted tourists but also locals to the Information  
Centre. Comments have been extremely positive with  
sales reflecting this. Not only have people been making

substantial purchases but there has also been large  
enquiries on where they can see other locally produced  
art work.

The Information Centre is exceptionally happy with the  
results and sales to date and encourage a continued  
rotation or new exhibitions in the future. Tourism  
Kangaroo Island is happy to support all future art  
related activities at the Centre.

### KANGAROO ISLAND MAP

Nick Pike did the illustrations for the new Kangaroo  
Island map and the original illustrations are at the  
Gateway Information Centre as part of the current  
exhibition.

### NEW COVER FOR THE KI TELEPHONE BOOK

The new edition of the locally produced Kangaroo  
Island Telephone Directory should be available in a few  
months. The Kangaroo Island Children's Services  
committee, the collators, are seeking a typical island  
scene for the cover.

Artists Collective Kangaroo Island Inc. has invited a  
small contingent from the Children's Services to view  
the Penneshaw Easter Art Exhibition, particularly the  
Kangaroo Island Moments entries. They may select a  
suitable image for their cover. The artist's permission  
will be sought to reproduce the artwork. The new  
edition will be in circulation for two years and so will be  
excellent publicity for the selected artist.

### SA MUSEUM PALAEOLOGY WEEK

Nick Pike as Artist in Residence conducted drawing  
workshops at the SA Museum for Palaeontology Week.  
This involved showing the kids how to reconstruct  
extinct animals from their skeletons. This all came out  
of the work on Australian megafauna which he did for  
the mural at Flinders Chase Visitor Centre, and  
illustration for "Dinosaurs" magazine while he was still  
in England. "It was interesting to spend time with some  
of the leading palaeontologists such as Professors Rod  
Wells from Flinders Uni and Alex Cook from  
Queensland".
