Question on Software or Operating system.

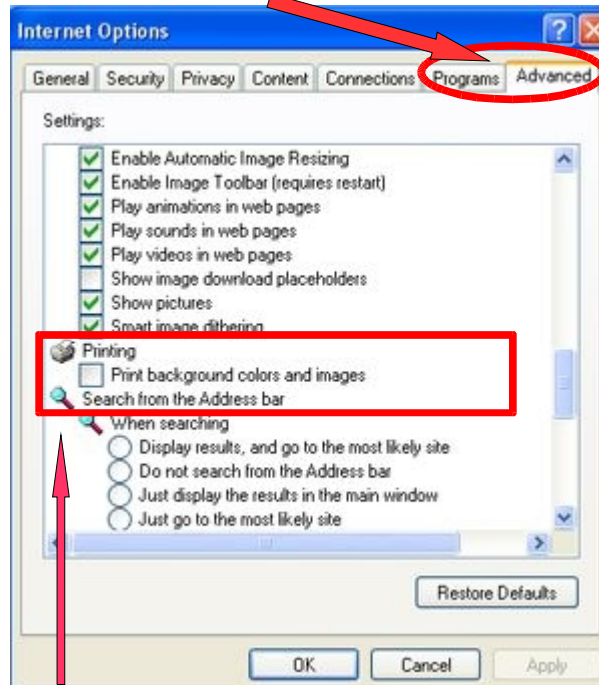

No Print : Web Page Background.

Printing the background of a web page can use unnecessary printer ink. You can set your web browser to print a web page without the backgrounds.

With Internet Explorer:

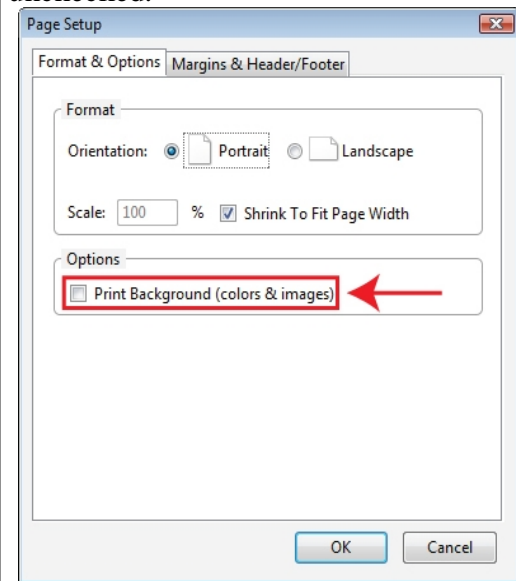

3. Select the **Advanced** tab.

4. Scroll down to the **"Printing"** category. Make sure the box for printing backgrounds is **NOT** checked. Then click **Apply** & click **OK**.

With Mozilla Firefox:

1. Click **File, Page setup...**
2. Make sure the **"Print backgrounds"** box is unchecked.

With Opera:

- Click **File** and select **Print Options**
- Uncheck **Print page background**
