

NBN Fixed Wireless Discussion & Discovery Summary Points of Protest

Meeting with Major Barry Longland & new General Manager Troy Green. Mon 25th March 2013.

I Carlene Anne Fuchs ND. RM. BT.BC

Clean Electricity Consultant for Stetzer EMF filters.

I am a Speaker for & representative of the Community of Tweed Shire of which I am a constituent it is by request of the Community I do this. Accompanied by two other citizens of the community.

Cris Nijam & Lorrell Stewart

We the Community Request:

- Moratorium - NO Fixed or Mobile Wireless NBN it is NOT SAFE to Health.
- Environmental Assessments that look at the cumulative impacts on Human Health, Crop Pollinators, Bees, Butterflies, Bats, Birds insects Amphibians & Invertebrates.
- Procedural Fairness the council is not to make decisions without FIRST consulting the Community.
- Why was Community Trust Breached voting unanimously in favour of NBN Fixed Wireless Tower at Durambah two weeks before meeting with the Community.
- The community will ONLY accept clean & safe Fibre Optics to be installed & calls for a **Referendum.**
- The Council should provide Independent community education about the difference between Fixed & Mobile Wireless & Fibre Optics. Give Facts not Industry propaganda.
- Request all Councillors be educated on the TRUE Health effects of EMF radiation and attend a power point presentation & workshop with Carlene Fuchs ND who specializes in Clean Electrical environments.
- Establish pathways of liability & compensation if community Health is compromised.

2.

There is a Great lack of Knowledge & Education on behalf of the Councillors as to the Effects of EMF radiation on living tissue & yet you make uninformed decisions that will have a devastating affect on everyone's Health.

We need Hero's. People who lead with Moral & Ethical Courage. Is Tweed Shire Council going to do the Safest & Healthiest Action by their Community?

A Moratorium to stop the erection of towers or any further development of National Broadband Network Fixed or Mobile Wireless by NBN Co or any other companies Private or Government on any of the Tweed & Byron, Lismore & Gold Coast Shire's on the Fact that NO Shire Councillors or the Australian Government can

Provide a written Independent Scientific Guarantee to the Communities that National Broadband Network (NBN) Fixed or Mobile Wireless is SAFE.

We the Community of Tweed & Byron, Lismore & Gold Coast Shire DEMAND Fibre Optics NBN.

A Precautionary Approach in Action is the SAFEST Action for the Communities.

We will not be Discriminated against ; if the rest of the country can have Clean & Safe Fibre Optics then so too can we.

It may take longer to implement & will be more expensive

but a lot cheaper than **multiple litigations** because people DO & Will get sick & die prematurely with needless suffering of people ;especially pregnant women ,babies, children & those who are already Electro sensitive.

3.

A few seconds faster internet is NOT worth the RISK of increased damage & negative health effects to the community & our environment. We already have children at UKI Primary School with Leukaemia & other Learning & Neurological disorders which are a direct result of EMF radiation from WiFi throughout schools & computers in the classrooms. (DVD WiFi in Schools The Facts)

All Fixed & Mobile Electromagnetic frequency band radiations ELF,SLF,ULF,VLF,LF,MF,HF,VHF,**UHF**,SHF & EHF Frequencies Ranging from 3Hz - 300 Gigahertz can be Toxic to Human cell membranes. (Definitions of frequency Sheet given)

NBN Fixed Wireless frequency is 2.3Gigahertz = UHF Ultra High Frequency range.

Cancer trend for the 21st Century Swiss Research shows

An exponential increase of all types of cancers since 1955 as a direct result of the Introduction of TV Broadcasting Towers. (**Reference Article available on request**).

Europe has banned Wireless / Wi Fi from Schools & public areas where children would be exposed to Wireless/WiFi

Frequency technologies for extended durations.

The Europeans have already gone down this wireless pathway & are now DISMANTLING their Wireless /WiFi & the Governments are putting out **WARNINGS** to the Public of the **Negative Health Effects of EMF radiation** especially for children, & those yet to be born.

DNA Mutagenic & Carcinogenic effects on Human Tissue.

(DVD **Resonance Beings of Frequency ,Electrical Properties of Cancer Cells by Dr Steven Hiltiwanger**)

WISDOM NEEDS to be **APPLIED** in this situation;
NOT

Rubbing of hands & eyes only on money for the Council

from NBN Co & other server providers.

Dr Robert Becker ,Author of Cross Currents & The Body Electric stated “ ***I have No doubt in my mind that at the present time that the greatest polluting element in the Earth’s environment is the proliferation of Electromagnetic Fields. I consider that to be far greater than Global warming...***”

Numerous Independent Scientific Research studies over the last 50 years (free from Telecommunication Industry Research dollars); have repeatedly showed the unquestionable Negative impact these types of frequencies have on all life.

(www.MagdaHavas.com)

www.EMFacts.com

DVD’s WiFi in Schools The Facts.

YouTube: Resonance Beings of Frequency

Microwaves Brain Function Documentary

EMF radiations can be “Dangerously Toxic to Human cells” the World Health Organisation acknowledges Electro sensitivity.

Electromagnetic Hyper Sensitivity or Radiowave Sickness.

EHS sheet given. **HARM not worth the RISK.**

Dr Wolfgang Ludwig Physics said” ***that measuring the Schumann Resonance in & around cities today is impossible because of all the Electro smog, Electromagnetic pollution from cell phones ,wireless & WiFi they are forced to go out to sea to make measurements.***”

I am one of the 2.5% of the Worlds population that suffers

EHS Electromagnetic Hyper-Sensitivity (Radiowave sickness).

Environmental Impact will be DEVASTATING on Crop Pollinators, Bees, Butterflies, Bats, Birds & insects. Our children’s, children need food / need bees.

5.

The Tweed & All Councils Hold a “Duty of Care” to the Community, it’s people, the environment, flora & fauna.

It is a Scientific fact & a living reality, that all life is both Electrical & Chemical in its biological functioning. (Professor Luc Montagnier ; 2011 DNA Teleportation & Reorganization of DNA In water , produced Life where no life- DNA had previously existed . A World first discovery using only sterilized water & the Schumann Resonance frequency 7.83 hertz electric charge.

We are Electrical Beings and as such we are Biologically sensitive to the entire Electromagnetic Spectrum; whether or not the individual is aware of its impact on cells, tissues & organs. (Biological Energy & Electronic Nutrition by Dr Steven Haltiwanger, Dr Leonard Horowitz)

LOVE 528 Frequency of the Sun & all Life.
Template: A Wholistic Model of Transcendence

I Pray Our Councillors take the Challenge of this opportunity to grow in Truth & Act with the BEST interest of the Health of our Community & not just bow to political subjugation.

God Bless Us All.

Carlene Fuchs ND

Lorrell Stewart
